

## **SIJI ADVERTISING MATERIALS LIMITED**

SIJI Advertising Materials Limited is a professional manufacturer & supplier for advertising materials in China. We provide whole range of sign and digital printing materials, including flex banners, coated fabric, mesh, one-way vision, canvas, self-adhesive vinyl, PVC tarpaulin, PVC foam board, Car wrapping film etc.

Our faith is to create 100% reliability and satisfaction in this field. We're ready to serve you with consistent high qualities, most competitive prices, fastest delivery and perfect after-sales services at any minute.

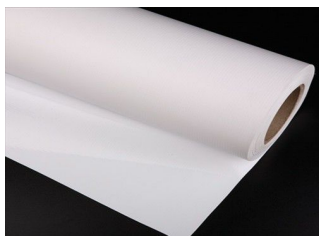

## Contents

<b>1. PVC flex banner</b> .....	(3-4)
Laminated PVC flex Banner	
Coated PVC flex banner and Mesh	
<b>2. Self adhesive vinyl</b> .....	(5-6)
Digital printing vinyl	
Cold lamination film and One way vision	
<b>3. PVC tarpaulin</b> .....	(7)
<b>4. Inkjet canvas</b> .....	(8)
<b>5. Reflective sheeting</b> .....	(9)
<b>6. Car wrapping film</b> .....	(10-11)
Carbon fiber, Chrome film, 3D multi lens	
Chameleon film, Camouflage film, Wire drawing film	
<b>7. PVC foam board</b> .....	(12-13)
PVC foam board (1220*2440mm)	
PVC foam board (1560*3050mm and 2050*3050mm)	

## PVC flex banner

SIJI FLEX BANNER is guaranteed for vivid printing result with solvent, eco-solvent , UV , screen inks. With strong structure and vivid printing result, SIJI flex is ideal media for large format advertisement outdoors.

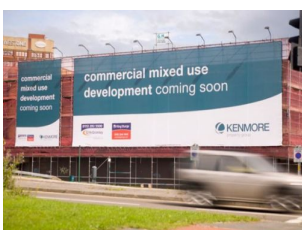

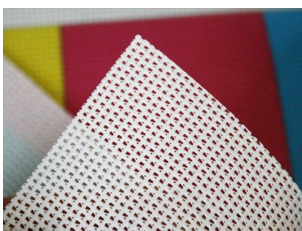

## Laminated PVC flex Banner

## Reflective sheeting

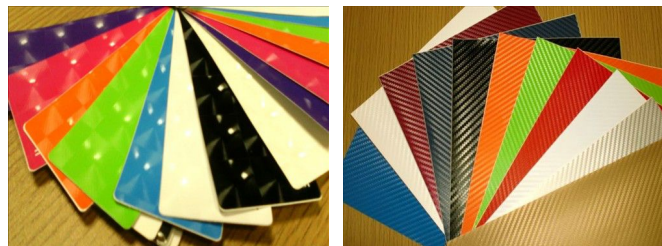

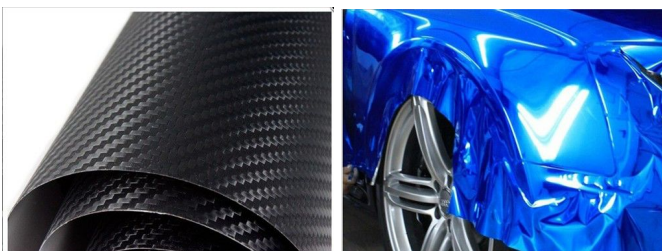

Reflective sheet is a sort of material that uses the advanced technology to combine the reflective units formed by the glass beads conated under special metal film with high-polymer material, and produce high durable closed reflective material. It has strong reflection in wide angle, good flexible performance.

Grade	Code	Size	Specification
Commercial Grade	SJ-RA1000	1mx50m 1.24mx45.7m	PET Type
	SJ-RA2000	1.24mx45.7m	Acrylic Type
	SJ-RA3000	1.24mx45.7m	Printing Vinyl
Engineering Grade	SJ-RE4000	1.24m×45.7m	PET Type (5/7 years)
	SJ-RE5000	1.24m×45.7m	Acrylic Type ( 5/7 years )
High Intensity Grade	SJ-RH8000	1.24mx45.7m	Acrylic Type (10 years)
Diamond reflective film	SJ-RD700	1.24mx45.7m	Acrylic Type (10 years)
Photo Luminescent	SJ-RL600	1.24mx45.7m	Acrylic Type (10 years)
Reflective Marking tape	SJ-RM400	1.24*45.7m	PET Type

## Car wrapping film

Car films include 3D carbon fiber film, car wrapping film, Car chrome film, Car chameleon film car light change film, car glass film, etc. These films Produced with high flexible polymeric PVC film, this makes them suitable for arch and irregular surfaces. Low initial tack makes its easy for application and peeling off; Air releasing channel makes it bubble free during applications; High weather resistance to acid rain, hailstone, heavy snow, sand storm etc.

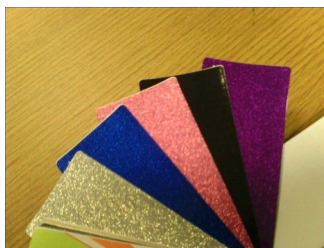

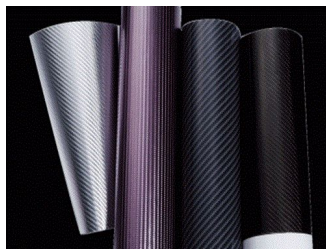

### Carbon fiber, Chrome film, 3D multi lens

Code	Product Name	Specification	Features	Colors
SJ-CF160H	Super Carbon Fiber	PVC film 160mic /backing 180g	Polymeric type, bubble free removable glue, very flexible. 3 years durability.	black, silver,white, gold,etc 12 colors
SJ-CF160R	Carbon Fiber Removable	PVC film 160mic /backing 180g	Monomeric type, bubble free removable glue, 1 year durability.	black, silver,white, gold,etc, 12 colors
SJ-CF130P	Carbon Fiber Permanet	PVC film 130mic /backing 120g	Monomeric type, permanent glue, 1 years durability. Carton packing.	black, silver,white, gold,red, 12 colors
SJ-WF1218H	Car wrap film	PVC film 120mic / backing 180g	Bubble free polymeric film, very flexible 3 years durability. Glossy and matte	black, silver,white, gold,red, 12 colors
SJ-WF1218R	Car wrap film	PVC film 120mic / backing 180g	Bubble free, monomeric type , 1year durability. Glossy and matte	black, silver,white, gold,red, 12 colors
SJ-CR1422H	Car chrome wrap film	PVC film 140mic / backing 220g	Bubble free polymeric type, removable, very flexible, For 3 years durability.	gold, mirror, blue, purple, etc
SJ-CR1520	Car chrome wrap film	PVC film 150mic / backing 200g	Bubble free monomeric type, removable, 1 to 2 years durability.	gold, mirror, blue, purple, etc
SJ-CE160H	3D multi lens film	PVC film 160mic / backing 180g	Bubble free polymeric type, removable, very flexible, 3 years durability.	black, white, red, green, 12colors
SJ-CE160R	3D multi lens film	PVC film 120mic / backing 100g	Monomeric type, For 1 year durability	black, white, red, green, 12colors

**Chameleon film**  
**Camouflage film**
