LELUN Medical Appliances

Changzhou Medical Appliances General Factory Co.,Ltd.

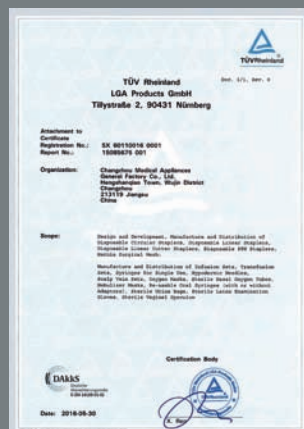

About US

Changzhou Medical Appliances General Factory Co., Ltd was built in 1988, it is a modern factory specialized in producing the disposable medical appliances in China. The factory is only 1km to Hengshan entrance of Huning high-speed road and is about 20 miles to Changzhou airport. So the traffic is convenience.

The area of the factory is 50000m², the area of purifying workshop is 15000m², and fixed assets are about 5,000,000USD. Our main products are Disposable syringe, Safety syringe, Auto-disable syringe, Disposable infusion sets, Hernia Mesh, Medical stapler, Disposable blood transfusion sets, Urine bag, IV cannula, Oxygen mask, Examination glove, Surgical glove, Vaginal Speculum etc. Now we can manufacture more than 400,000,000 sets per year. Through 30 years hard work, our hardware and software have arrived at the first-class in the same factory in China. Our trade mark "LELUN" was appraised the only "famous trade mark" in the same trade in Changzhou city. And we won the title of "High quality product" by Jiangsu Province in 1991. In 2000, our factory passed through the ISO13485 and got the certificate of CE. In 2011, we passed the GMP by Chinese SFDA. We also have the license of exporting by ourselves. Now our products are not only sold to Chinese market, but also sold to more than 60 countries like Germany. USA. Canada. UK. Italy. Austria. Romania. France. Bulgaria. Ghana. Morocco. Turkey. Colombia. Mexico. Bangladesh. Peru. Chile. Sri Lanka. Azerbaijan. South Africa. Colombia. Libya. Sudan. Yemen. Pakistan. Togo. and so on.

Our factory persists in the principle of "first quality, high credit, and superior service". Sincerely welcome customers all over the world to talk business and cooperate with us.

Oral/Enteral Syringes Series

Oral/Enteral Syringe with Tip Cap

Item code: CMOSC

- Size: 1ml, 2/3ml, 5ml, 10ml, 20ml
- **Non-luer tip, can not fit with hypodermic needles**
- Latex free, medical grade PP
- Transparent barrel, colored plunger
- **With tip cap for racap after use**

Oral/Enteral Syringe with Adaptor

Item code: CMOSA

- Size: 1ml, 2/3ml, 5ml, 10ml, 20ml
- **Non-luer tip, can not fit with hypodermic needles**
- Latex free, medical grade PP
- Transparent barrel, colored plunger
- **With transparent adaptor for bottle, fitting the bottle neck ID 13mm~23mm**

Oral Syringe with Dispensing Tube

Item code: CMODT

- Size: 1ml, 2/3ml, 5ml, 10ml, 20ml
- **Non-luer tip, can not fit with hypodermic needles**
- Latex free, medical grade PP
- Transparent barrel, colored plunger
- **With dispensing tube (color and length available)**

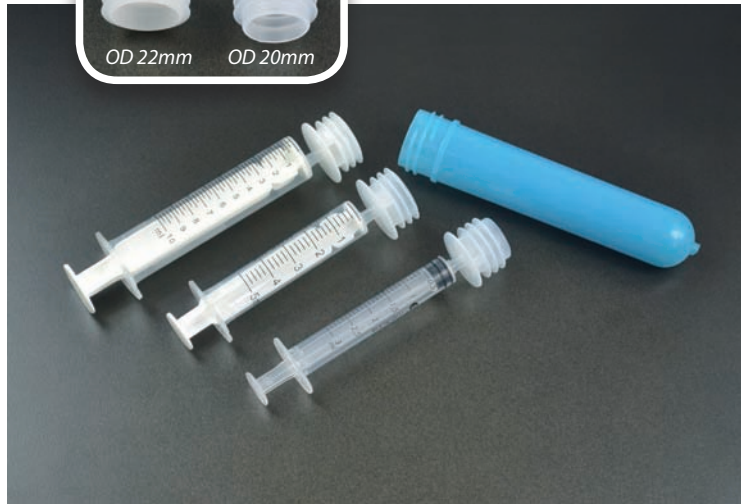

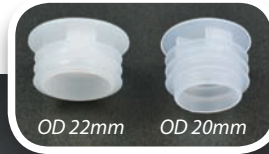

Oral/Enteral Syringes in Packages

Oral Syringe (Luer Slip Tip) with Dispensing Tube

Item code: CMOSDT(LS)

- Size: 1ml, 2/3ml, 5ml, 10ml, 20ml
- Luer tip (Hypodermic needles be available)
- With protective cap and dispensing tube

Oral Syringe (Two Part) with Adaptor

Item code: CMOSA(2P)

- Size: 1ml, 2/3ml, 5ml, 10ml, 20ml
- Luer tip (Hypodermic needles be available)
- With adaptor

Irrigation Syringes

Item code: CMSC

- Size: 20ml, 30ml, 50ml, 60ml, 100ml, 150ml
- 50ml with bulb

Oral/Enteral Syringe Female Reverse Luer Lock

Item code: CMOSLL

Disposable Syringes Series

Disposable Two-parts Syringes

Item code: CMST

- Size: 2ml, 3ml, 5ml, 10ml, 20ml
- Luer slip, with or without needle

Auto Disable Syringe

Item code: CMSAD

- Size: 0.05ml, 0.5ml, 1ml, 2/3ml, 5ml, 10ml
- Simple hypodermic needle available
- **Plunger be locked in the barrel after use**

Item code: CMSA

- Size: 1ml, 2/3ml, 5ml, 10ml, 20ml
- Simple hypodermic needle available
- **Needle be retractable into the barrel and locked after use**

Insulin Syringe

Item code: CMSI

- Size: 0.3ml, 0.5ml, 1ml
- Fixed needle, 27g, 28g, 29g, 30g, 31g

Infusion Sets Series

Precision Infusion Set

Item code: CMIF-JM

Lightproof Infusion Set

Item code: CMIF-LP

Infusion Set

Item code: CMIF-BR

Burette Infusion Set

Item code: CMIFB

• Size: 100ml, 150ml • 60 drops = 1±0.1ml

Item code: CMIF-01

Item code: CMIF-02

Item code: CMIF-03

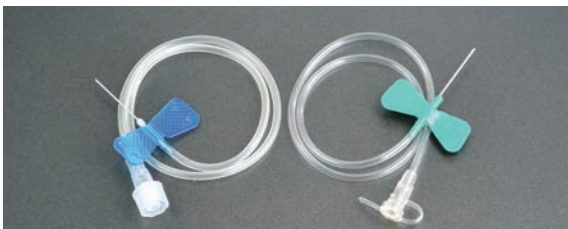

Item code: CMIF-04

Disposable Infusion Set / I.V. Set.

Material: medical grade PVC, with or without DEHP

Specification: 1.big chamber with air vent 2.common pvc or elastic tube, 120~180mm
3.rubber or Y injection site 4.polybag or blister packing

Scalp Vein Set

Item code: CMIV

• luer slip or luer lock • size: 16G~27G

I.V. Cannula

Item code: CMCI-2

• Size: 14G, 16G, 17G, 18G, 20G, 21G, 22G, 24G

Blood Transfer Series

Blood Bag (Triple)

CPD-63ml for collection of 450ml blood & SAG-M solution 100ml & transfer bag

Blood Bag (Double)

CPDA-1-63ml for collection of 450ml blood & transfer bag

Blood Bag (Single)

CPDA-1-63ml for collection of 450ml blood

Blood Transfusion Set

Item code: CMBT

Medical Staplers Series

Disposable Linear Stapler

Item code: CMMS-01

Disposable Linear Cutter Stapler

Item code: CMMS-02

Disposable Circular Stapler

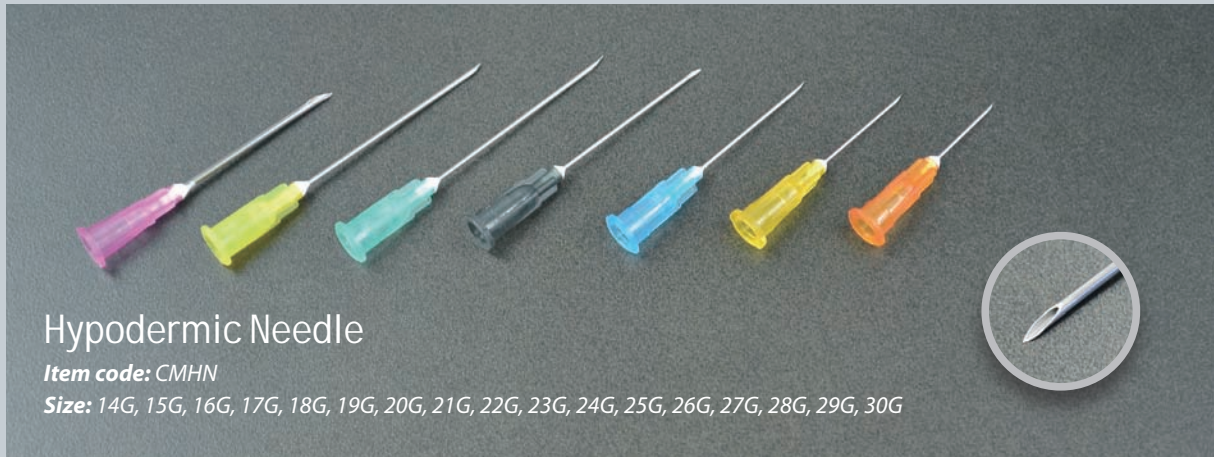

Item code: CMMS-03

Disposable Hemorrhoids Stapler

Item code: CMMS-04

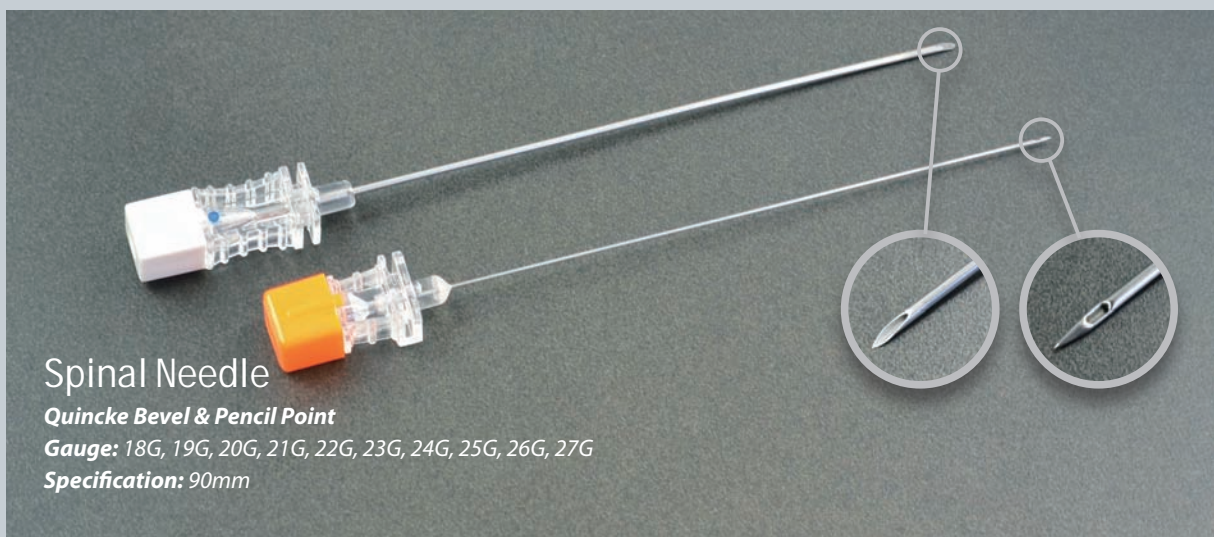

Disposable Needles Series

Hypodermic Needle

Item code: CMHN

Size: 14G, 15G, 16G, 17G, 18G, 19G, 20G, 21G, 22G, 23G, 24G, 25G, 26G, 27G, 28G, 29G, 30G

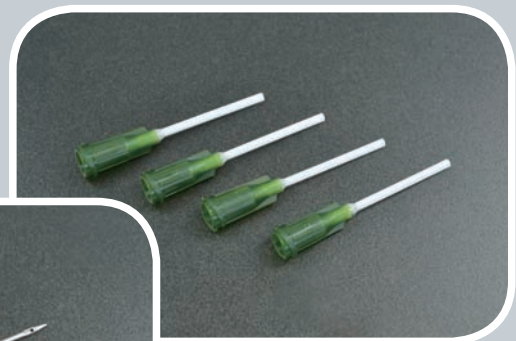

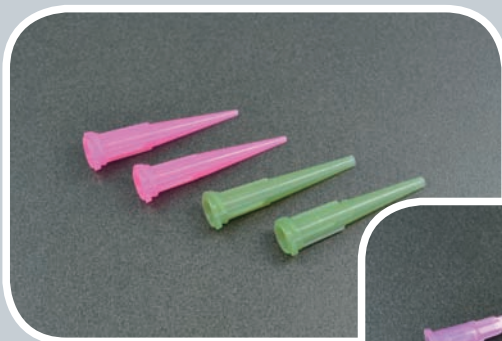

Spinal Needle

Quincke Bevel & Pencil Point

Gauge: 18G, 19G, 20G, 21G, 22G, 23G, 24G, 25G, 26G, 27G

Specification: 90mm

Special Needles

Masks Series

Oxygen Mask

Item code: CMMO

FEATURES:

- Human body imitation design, makes a good fit with the chin, and a good air-tightness
- Transparent and clear medical grade PVC for patient comfort and visual assessment
- Adjustable nose clip which can be optional assures comfortable fit
- Available with oxygen mask without nose clip

Nebulizer Mask

Item code: CMMN

FEATURES:

- Made of medical PVC.
- Without nose clip, face-fit shape.
- Medium concentration.
- Flexible connector, 360°rotation, more convenient for use.
- Available with anti-crush 7ft. tubing.
- 6cc or 10cc nebulizer cup.

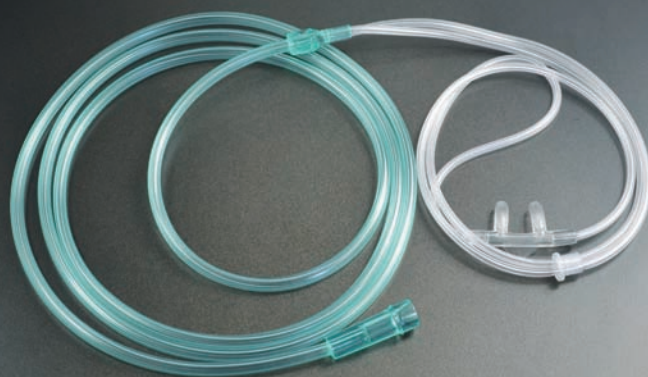

Nasal Oxygen Cannula

Item code: CMNOC

FEATURES:

- Size: Adult, Child, Infant, Neonate
- Free movement with the tube, can work with 15kpa. of airflow
- Available with standard or universal connector, and different lengths of oxygen tubing
- Optional single or double hole nare.

Oxygen Connection Tube

Item code: CMOCT

FEATURES:

- Free movement with the tube, can work with 15kpa. of airflow
- Match with 5mm star lumen tube, anti-crush
- Being made of all new material, enables it to be soft, smooth and elastic, without twist or knot
- Available with standard or universal connector, and different lengths

Urine/Stool Containers Series

Urine Cup

Item code: CMUC

Specification: 30ml, 40ml, 60ml, 100ml, 120ml

Sterile or Non-sterile

Stool Cup with Spoon

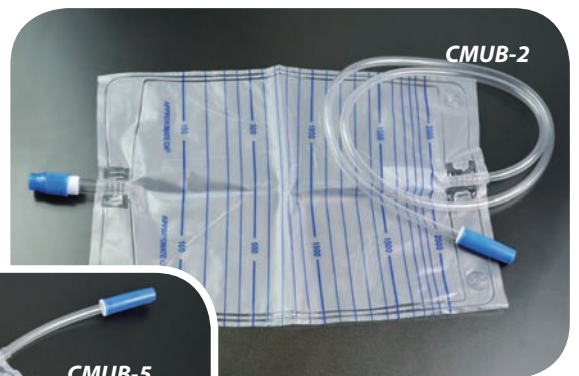

Item code: CMSC

Specification: 30ml, 40ml, 60ml

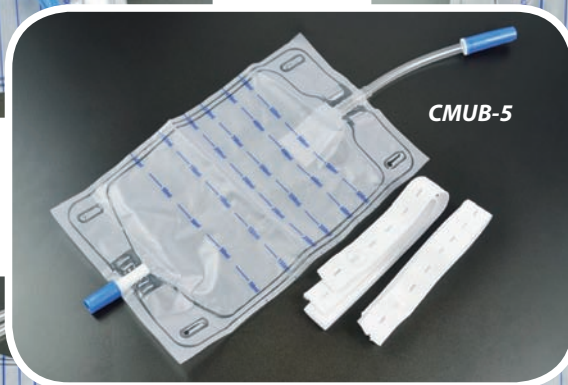

Sterile or Non-sterile

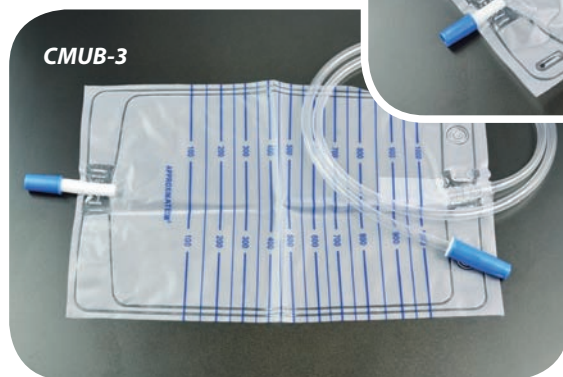

CMUB-1

CMUB-2

CMUB-5

CMUB-3

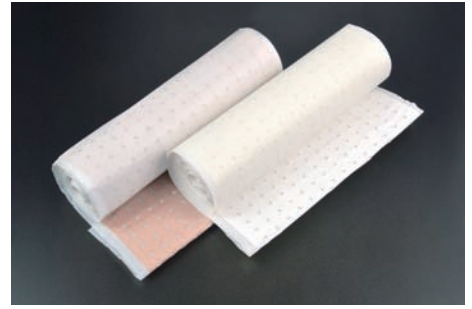

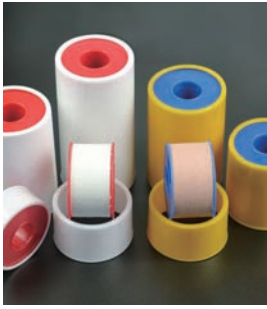

CMUB-4

Urine Drainage Bag

- 500ml, 1000ml, 1500ml, 2000ml
- without outlet (CMUB-1)
- With outlet: screw valve (CMUB-2), pull-push valve (CMUB-3), T/cross valve (CMUB-4)
- Leg bag 500ml (CMUB-5)

Medical Tapes Series

Zinc Oxide Adhesive Plaster

Zinc Oxide Adhesive Plaster

Medical Gloves Series

Latex Surgical Glove

Item code: CMGS

Material: nature latex

Specification: 6, 6.5, 7, 7.5, 8, 8.5

Powered and powder free

Package: one pair/pouch, 50pairs per box

Latex Examination Glove

Item code: CMGE

Material: nature latex

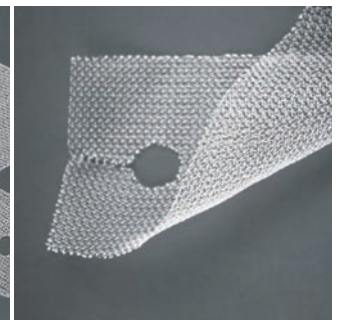

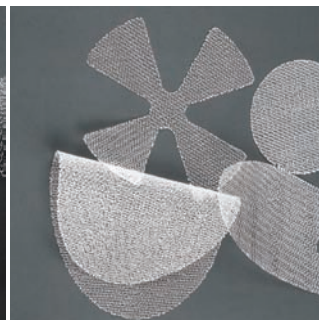

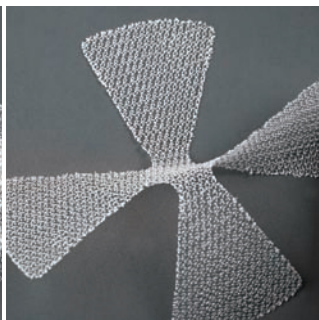

Specification: S, M, L, XL

Grade: AQL1.5, AQL2.5, AQL4.0

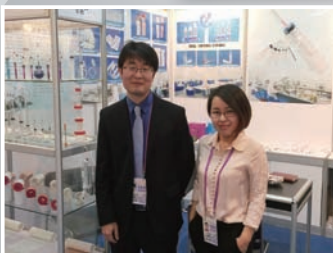

Powered and powder free

Package: 100pcs per box
