WINWORLD BRAKE PAD

鸿欧集团
Hangou Group

INDEPENDENT BRAND

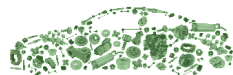

HONGOU NEW BRAND IMAGE

HONGOU PACKAGING

Principles of Hongou people:

Serious Fast No excuse Never give up our mission

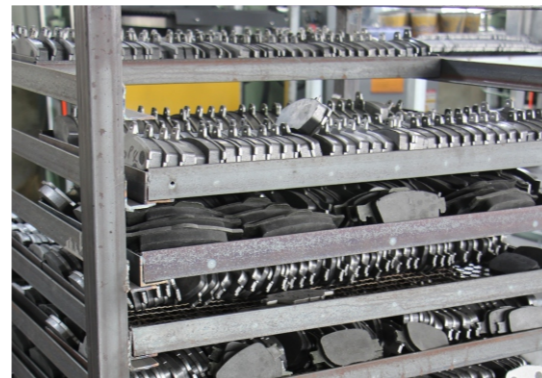

Our six advantages
 Safe Quality Technology
 Environmental Service Creation
 Win World is concentrated on making
 safe and environmental spare parts

If good products and cost performance are the foundation of a company in the market, then good service is the key to its growth and development. In the heart of Hongou people, customers are not only working partners, but also sincere friends. Listening to customers' ideas and understanding their experience are both a harvest and a responsibility for Hongou.

Brake pad production live shot

Hongou brake pad				
Technology Friction materials Silencing slice materials	Carbon ceramic	Ceramic	Ceramic graphite	Common semi-metal
	Refined stainless Steel	Silencing fabric	Electrophoretic metal	Without
Characteristics Thickness of steel backing	5mm-5.5mm	4.5mm-5.5mm	More than 4 mm	More than 4 mm
Packing grade	Thickening carton with oil-proof gloves and oil bag	Common carton	Common carton	Common carton

Carbon Ceramic

Ceramic

Ceramic Graphite

Common Semi-metal

Improving brake performance extends brake disc life

Thickness of steel backing: 5mm-5.5mm

Silencing slice materials: refined stainless steel

Friction materials: carbon ceramic

No abnormal sound high temperature resistant

Packing grade: hardcover thickening carton Including oil-proof gloves and oil bag

Win World

Improving brake performance extends brake disc life

Thickness of steel backing: 4.5mm-5.5mm

Silencing slice materials: silencing fabric

Friction materials: ceramic

No abnormal sound high temperature resistant

Packing grade: common carton

Win World

Silencing slice materials:
electrophoretic metal

Improving brake performance
extends brake disc life

Thickness of steel backing:
more than 4 mm

Friction materials: ceramic graphite

Packing grade:
common carton

Improving brake performance
extends brake disc life

Silencing slice materials:
without

Thickness of steel backing:
more than 4 mm

Packing grade:
common carton

No abnormal sound
high temperature resistant

Friction materials:
common semi-metal
