

YJU12 (4axles-4 propellers)

SPECIFICATION			PRICE LIST					
1	Tank capacity	12L		Standard Configuration			\$4,399	
2	Aircraft weight	12kg		NO.	Item	Description		Price
3	Take off weight	27kg		1	Drone kit	YJU12		
4	Max take off weight	35kg		2	Remote Controller	Professional agricultural uav remote control		
5	Full load endurance	16min		3	Battery	16000mAh lithium battery 2 pc		
6	Flying Radium	0~1250m		4	Battery Charger	Dual Output Lipo Charger for Drones (20A 1300W)		
7	Flying Altitude	0~30m		5	Ground Control Station	Android App+Radio telemetry		
8	Flying speed	0~15m/s		6	Nozzle	4 high pressure nozzles		
9	Spraying speed	0~10m/s		7	Original propeller	High strength propeller		
10	Spraying span/No. of nozzle	6m / 4 Electrostatic centrifugal nozzles		8	Package	carton		
11	Spray flow	0.8~2L/min		9	Toolkit	For repair and maintenance (Including cable tie,connecting line,equilibrium line, screws, tools)		
12	Spraying efficiency	≥3 hectares/hour		10	Package	Wooden case		
13	Max wind resistance	Fresh gale		Optional Accessories				
14	Working temperature	-10~70°C		1	FPV	Fixed camera	\$220	
15	Working Humidity	0~90%		2	Ground-proof millimeter	Milimeter wave radar, adjust flight height automatically	\$300	
16	Spread Size	1.05*1.1*0.49m		3	Charger (20A 1300W)	Dual Output Lipo Charger for Drones	\$450	
17	Folded size	0.65*0.76*0.65m		4	Extra battery (Tattu)	16000mAH 1pc	\$200	
			5	Granular Spreader	Sprinkle granular fertilizer	\$292		

YJU16(6 axles-6 propellers)

SPECIFICATION			PRICE LIST					
1	Tank capacity	16L		Standard Configuration			\$6,199	
2	Aircraft weight	13.8kg		NO.	Item	Description		Price
3	Take off weight	35.8kg		1	Drone kit	YJU16		
4	Max take off weight	42kg		2	Remote Controller	Professional agricultural uav remote control		
5	Full load endurance	16min		3	Battery	16000mAh lithium battery 2 pc		
6	Flying Radium	0~1250m		4	Battery Charger	Dual Output Lipo Charger for Drones (20A 1300W)		
7	Flying Altitude	0~30m		5	Ground Control Station	Android App+Radio telemetry		
8	Flying speed	0~15m/s		6	Nozzle	6 high pressure nozzles		
9	Spraying speed	0~10m/s		7	Original propeller	High strength propeller		
10	Spraying span/No. of nozzle	6m / 6 Electrostatic centrifugal nozzles		8	Package	carton		
11	Spray flow	0.8~2L/min		9	Toolkit	For repair and maintenance (Including cable tie,connecting line,equilibrium line, screws, tools)		
12	Spraying efficiency	≥3 hectares/hour		10	Package	Wooden case		
13	Max wind resistance	Fresh gale		Optional Accessories				
14	Working temperature	-10~70°C		1	FPV	Fixed camera	\$220	
15	Working Humidity	0~90%		2	Ground-proof millimeter	Milimeter wave radar, adjust flight height automatically	\$300	
16	Spread Size	1.74*1.52*0.55m		3	Charger (20A 1300W)	Dual Output Lipo Charger for Drones	\$450	
17	Folded size	0.9*0.8*0.58m		4	Extra battery (Tattu)	16000mAH 1pc	\$200	
			5	Granular Spreader	Sprinkle granular fertilizer	\$292		

YJU22(6 axles-6 propellers)

SPECIFICATION			PRICE LIST				
1	Tank capacity	22L		Standard Configuration			
2	Aircraft weight	14.6kg		NO.	Item	Description	Price
3	Take off weight	40kg		1	Drone kit	YJU22	\$7,499
4	Max take off weight	48kg		2	Remote Controller	Professional agricultural uav remote control	
5	Full load endurance	14min		3	Battery	22000mAh lithium battery 2 pc	
6	Flying Radium	0~1250m		4	Battery Charger	Dual Output Lipo Charger for Drones (20A 1300W)	
7	Flying Altitude	0~30m		5	Ground Control Station	Android App+Radio telemetry	
8	Flying speed	0~15m/s		6	Nozzle	6 high pressure nozzles	
9	Spraying speed	0~10m/s		7	Original propeller	High strength propeller	
10	Spraying span/No. of nozzle	7m / 6 Electrostatic centrifugal nozzles		8	Package	carton	
11	Spray flow	0.8~2L/min		9	Toolkit	For repair and maintenance (Including cable tie,connecting line,equilibrium line, screws, tools)	
12	Spraying efficiency	≥3 hectares/hour		10	Package	Wooden case	
13	Max wind resistance	Fresh gale		Optional Accessories			
14	Working temperature	-10~70°C		1	FPV	Fixed camera	\$220
15	Working Humidity	0~90%		2	Ground-proof millimeter wave	Milimeter wave radar, adjust flight height automatically	\$300
16	Spread Size	1.95*1.95*0.7m		3	Charger (20A 1300W)	Dual Output Lipo Charger for Drones	\$450
17	Folded size	0.9*0.8*0.7m		4	Extra battery (Tattu)	22000mAH 1pc	\$280
			5	Granular Spreader	Sprinkle granular fertilizer	\$292	

YJU30(6 axles-6 propellers)

SPECIFICATION			PRICE LIST					
1	Tank capacity	30L		Standard Configuration			\$8,899.00	
2	Aircraft weight	18kg		NO.	Item	Description		Price
3	Take off weight	58kg		1	Drone kit	YJU30		
4	Max take off weight	68kg		2	Remote Controller	Professional agricultural uav remote control		
5	Full load endurance	14min		3	Battery	32000mAh lithium battery 2 pc		
6	Flying Radium	0~1250m		4	Battery Charger	Dual Output Lipo Charger for Drones (20A 1300W)		
7	Flying Altitude	0~30m		5	Ground Control Station	Android App+Radio telemetry		
8	Flying speed	0~15m/s		6	Nozzle	6 high pressure nozzles		
9	Spraying speed	0~10m/s		7	Original propeller	High strength propeller		
10	Spraying span/No. of nozzle	8m / 6 Electrostatic centrifugal nozzles		8	Package	carton		
11	Spray flow	0.8~2L/min		9	Toolkit	For repair and maintenance (Including cable tie,connecting line,equilibrium line, screws, tools)		
12	Spraying efficiency	≥3 hectares/hour		10	Package	Wooden case		
13	Max wind resistance	Fresh gale		Accessories				
14	Working temperature	-10~70°C		1	FPV	Fixed camera	\$220	
15	Working Humidity	0~90%		2	Ground-proof millimeter wave	Milimeter wave radar, adjust flight height automatically	\$300	
16	Spread Size	2*2*1.41m		3	Charger (20A 1300W)	Dual Output Lipo Charger for Drones	\$450	
17	Folded size	0.76*0.67*1.41m		4	Extra battery (Tattu)	30000mAH 1pc	\$400	
			5	Granular Spreader	Sprinkle granular fertilizer	\$292
