

Factory Introduction

Ningbo Shineway Outdoor Products Co.,Ltd has over hundred various products. We have a professional research and development team to design, produce and export hunting and outdoor products. Our factory is located at the high and new technology industrial development zone in Cixi City, where the transportation is very convenient. Our floor area is 6000sqm. Now we have 4 experienced engineers and above 60 skilled workers, so we have complete ability to design, develop, detect and produce our products. We use international quality management system to supervise our business, what's more, we set up an impeccable system to examine and inspect our products to ensure the quality. Besides, we have a perfect after-sales service system to work for our clients. Our products mainly exported to the USA and Europe. We have advanced processing equipment: automatic bending machine, automatic cutting machine, bending machine, punching machine, welding machine, rivet machine, assembling production line and other equipment which have reached leading level among our fraternities. We have new technology, new variety and new idea! We're active in initiating and practicing the modernized management idea. We will use our world-class products and our honest service to go forward bravely into the depth and width of international market together with our friends. All staff welcome your visiting and cooperation sincerely.
