INTRODUCTION

Harden Tools Co., Ltd. is a leading company, which specializes in the manufacturing, product development, sales and service of hardware tools and devotes itself to providing industrial level hardware tools with high cost-performance ratio. After years of development, we have business partners in more than 50 countries, with offices for R/D and sales in Germany, etc. Nowadays, and "HARDEN" brand have grown up to be the first choice for customers in china local market and abroad, becoming their trustworthy partners.

Thanks to our professional management team, we always produce and control the quality according to the standard of "DIN" and "ISO". We have imported advanced testing equipments, thus offering strong supports for Fatigue Testing of some products. We have independently studied, developed and worked out our own shear testing equipment, which has effectively tested the cutting life of pliers. All these and other purchased or self-made testing equipments have provided and will always provide effective guarantee for and "HARDEN" brand products.

Our company has signed a strategic cooperation agreement with China National Industrial Tool & Hardware Quality Supervision & Test Shanghai station, which conduct the regular inspection and the random sample test of our products. Thus, customers could always get good quality products from us.

Our vision: To be a customer-oriented company in the industrial support and service line.

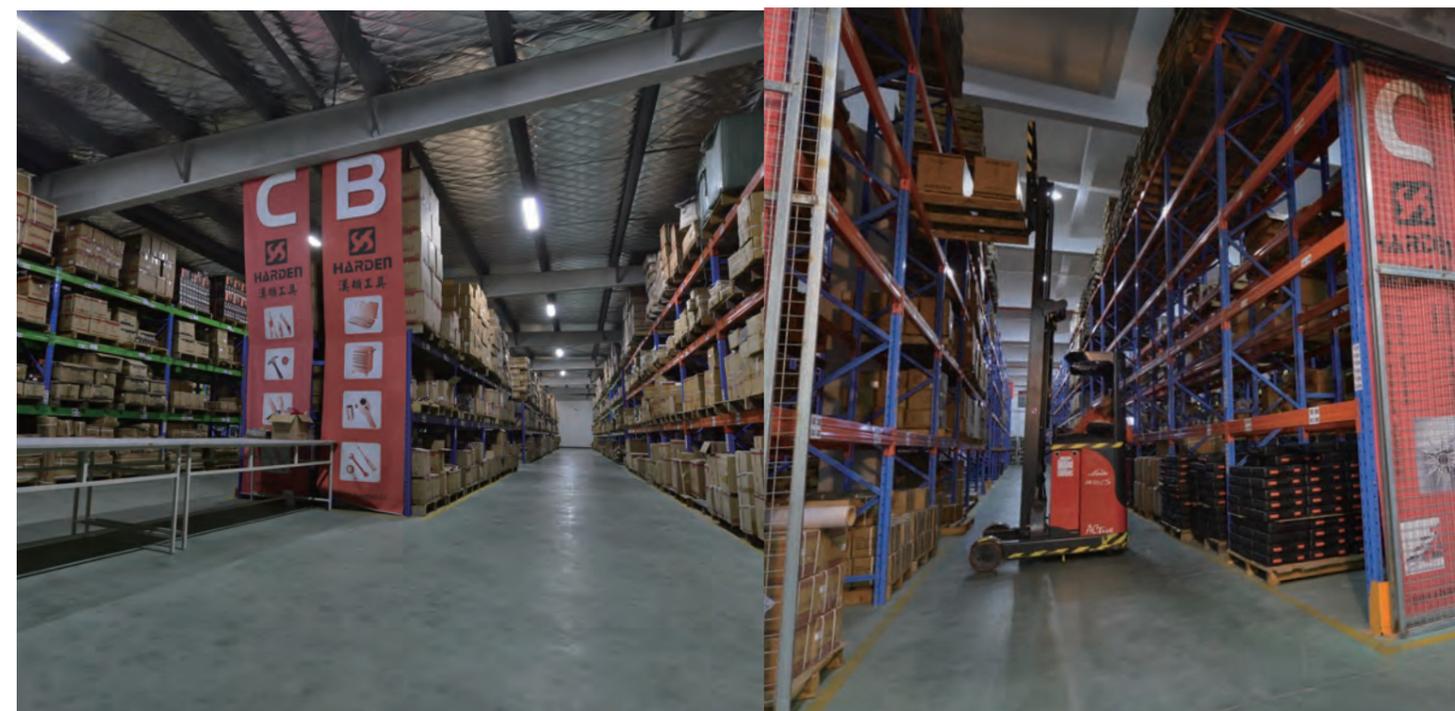

Our quality: Quality is the foundation of brand. 1% oversight of quality means 100% dereliction of duty to customers.

Our ideal: Act with honesty; Responsibility first; Perfect details, Innovation and development.

Our spirit: God reward those who work hard. Honesty makes good business. We are honesty, diligent and pragmatic.

Our goal: To please customers by service; To attract staff by consideration; To reward partners by value; To return society by harmony.

SDS-Plus Round Shank Electric Hammer Drill Bits

★ INTRODUCTION

- * Fast drilling professional bit for SDS or Max systems
- * Multi Cutter design (5/8" and above) for faster drilling, longer life and rounder holes
- * Double narrow land flute design for faster dust extraction, less vibration, less friction and more impact energy to the tip.
- * Tool shaft is heat treated, annealed and shot peened for longer life.
- * Premium grade hammer carbide for use with heavy duty hammers

Pocket Digital Multimeter

Overview OPERATING MANUAL

Digital Multimeter Model (hereafter referred to as "the Meter") can measure AC/DC Voltage, DC Current, Resistance, Continuity, Diodes, Transistor hFE and so on. The Meter complies with the standards IEC 61010-1. It's portable and has large LCD display, blue backlight, data hold and with PVC protection holder. As an ideal tool, it can service well in field of maintenance of auto, electrical engineering and teaching lab etc.
