# COMPANY PROFILE

We believe Soyea will be your best choice as your business partner.  
All in a word: Choose us, choose the future!

Soyea Corporation is a professional home appliances manufacturer with two famous brands "Soyea" and "Boshua" ever since 2002, which is also the biggest OEM&ODM supplier for home appliances in east China.

After decade unremitting efforts we have built two factories located in Shanghai and Lu'an city with 12 advanced refrigerators/freezers production lines and the annual capacity reached 5 million sets. Soyea 2nd phase project which covers an area of 2.4 million square meters for cold chain products is being built.

Soyea corporation has obtained system certificate such as ISO9001, ISO14001, GB/T19001 which ensure production, operation, and the excellent product quality. With professional testing room soyea refrigerator and freezer undergo a rigorous test with international standards and norms, such as voltage regulators, LCD-screen electronics tensile testing machines, electric cardboard bursting tester.

Moreover compressor detection, noise testing, four welding spot testing and other inspection processes play an important role in Soyea quality control.

Most of products were approved with CE, ROHS, GS, CB, ETL, JET, SAA/MEPS, SASO, GCC/G-MARK, SONCAP certificates, also can reach A+|A++ energy class. On the basis of good quality, over 50% products were exported to overseas market i.e. Europe, South America, Middle East, Africa, Asia etc.

According to different market demand we are constantly expanding product series, for example the roll bond evaporator for mid-east market and the brand new designed no frost series.

So "Abundant product series/Flexible redemption period of payment/Accurate delivery time" is our core competitiveness in global market.

## SALES NETWORK

Asia: Iraq, Bangladesh, Philippines, Turkey, Saudi Arabia, Afghanistan,

Pakistan, India, Myanmar, Thailand, Singapore, Malaysia, Korea, Yemen, Jordan, Iran etc

Africa: Nigeria, Angola, Ghana, Libya, Algeria, Kenya, South Africa, Botswana, Morocco, Egypt, Sudan etc

Europe: Germany, Russia, England, France, Spain, Italy etc

North America: America, Canada, Dominican, Mexico etc

South America: Brazil, Argentina, Bolivia, Chile, Uruguay, Paraguay, Venezuela etc

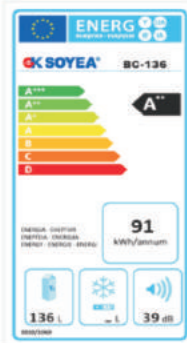

Oceania: Australia, New Zealand, Papua New Guinea etc

# FEATURES TECHNOLOGY

## New Good Ideas

Different family has different lifestyle, fortunately, we create you the harmonious storage space for your requirement. Open the appliance, you will see how we have designed the best way to make the most of internal space and offer you the maximum storage flexibility and convenience.

### Energy Efficiency

Our group is constantly improving our appliances to bring you optimum efficiency design. Now the group has more and more that are rated class A+&A++

### Freezer Drawer

Easy and convenient to catch and get the frozen foods. You can close the drawer completely with the self-locking slide rail

Elegant glass shelf, spill-proof, anti slide-out, with plastic lining and easy-clean smooth surface.

All transparent drawers, easy to locate food

Sealed internal cooling room and compartment, prevent your food from odor and humidity losing

Bottle rack, perfect for storing different beverage bottles.

## Stylish Design

Our group is dedicated to the updated fashion design. So, we can provide you the best style as much as you like, silver finish and stainless steel finish. You will clearly find what you right need together with our stylish look and modern shape.

### No Frost

Applying to the no frost system, it does not exist any frost inside of refrigerator and provides better freezing. Even air flow distribution allows foods to keep fresh longer in the no frost environment.

### Lower Noise

Silence is lifelong keeping theory of our group. We don't want the appliance to disturb you, no matter where you put it: kitchen, bedroom or living room. With our considerate design, the appliance always brings you satisfactory silence.

### Lighting System with 3D LED

By applying to the cutting edge lighting design to the fridge. The multi-flow column with integrate 3D lighting to ensure greater visibility everywhere in the fridge.

### Twist Ice-Maker Design

Provide the quick ice making and the controlling with a simple turn of a knob.

Glass door, special and elegant door side finish ending, with gradient parallel figures

Imitated stainless steel with our high technology and stylish design, will bring you the family harmony wherever you put it in your house.

The four bent corners continuously connect with front side of the fridge, so create a good family atmosphere by biological harmonious features.

### LED Display Electronic Temperature Control

The temperature of different compartments can be accurately displayed and precisely controlled by the invisible frame touchable LED screen.

### Anti-Bacteria and Deodorization

Using Nano-silver ion technology purifies the air and preserve the original favor and fragrance of foods.

# REFRIGERATOR STRUCTURE SHOW ▾

## OUTSIDE CONDENSER

Novel design, efficient cooling, prolonging the machine life

## LED LIGHT

Fashion, bright, energy saving, convenient for your life

## LOCK AND KEY

Careful design, for the safety of children

## OUTSIDE/ROLL BOND EVAPORATOR

The national novel design, high speed cooling

## CABINET

Hips material, solid and environment protection

## STEEL SHELF

Firm, not easy to become deformed

## GLASS

Adjustable spill-proof shelves

## COMPRESSOR

The national famous brand, energy saving, highly active

## ADJUSTABLE FEET

Adjust height as you like

## DOOR SEAL

To keep door close tightly, cool better

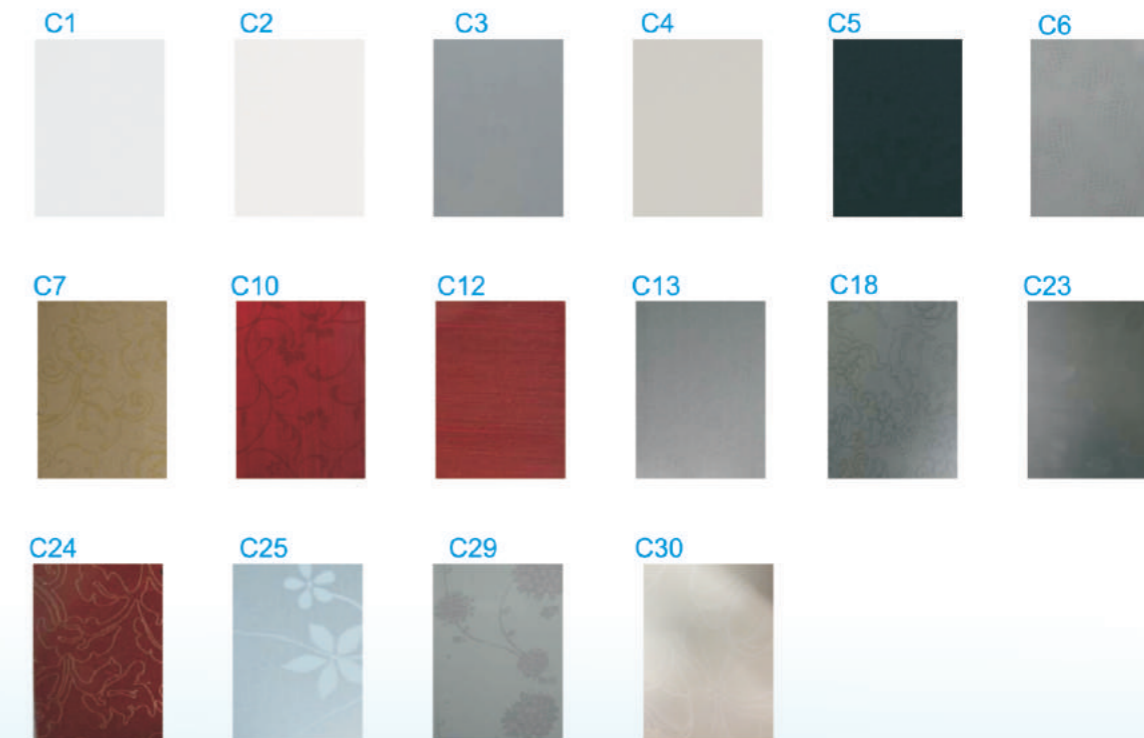

## BOTTLE SHELF

Crisper material, beautiful and durable

## REFRIGERATOR HANDLE

## DOOR COLOR

## CRISPER DRAWER & MOVABLE SHELF

Reasonable and effective position for food, the new type of steel/transparent materials, beautiful, non-toxic

- \*No frost technology, high efficient cooling
- \*Energy-saving LED cool light, bring you perfect enjoyment
- \*Environmentally friendly materials, keeping fresh and healthy
- \*Fashionable handle and panel, international first-class technology
- \*High quality compressor, high efficiency and energy saving

## MULTI-DOORS REFRIGERATOR

Model No.	BCD-608G
Validity capacity	608L
Fridge/Freezer	413/195L
Refrigerant	R134a/R600a
Rated power	230W
Net/Gross weight	92/98kg
Product size(W*D*H)	792*667*1870mm
Packing size(W*D*H)	850*690*1960mm
Loading(40HQ)	58Pcs

### SPECIAL FEATURES

- \*No frost technology, high efficient cooling
- \*Energy-saving LED cool light, bring you perfect enjoyment
- \*Environmentally friendly materials, keeping fresh and healthy
- \*Fashionable handle and panel, international first-class technology
- \*High quality compressor, high efficiency and energy saving

## CHEST FREEZER

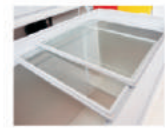

# CHEST FREEZER **STRUCTURE SHOW** ▾

Deep freezing, energy saving, famous brand compressor, a variety of handle, beautiful and practical temperature control knob, inner LED lamp competitive

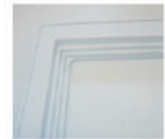

## METAL BASKET

Reasonable and effective position for food

## INNER GLASS DOOR

Beautiful fashion, energy-saving and insulation

## BUCCAL FRAME

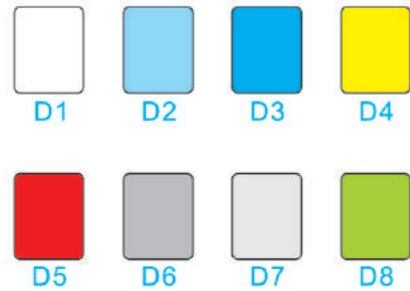

smooth, workmanship fine

## OUTSIDE CONDENSER

Novel design, efficient cooling, prolonging the machine life

## STEEL DOOR COLOR

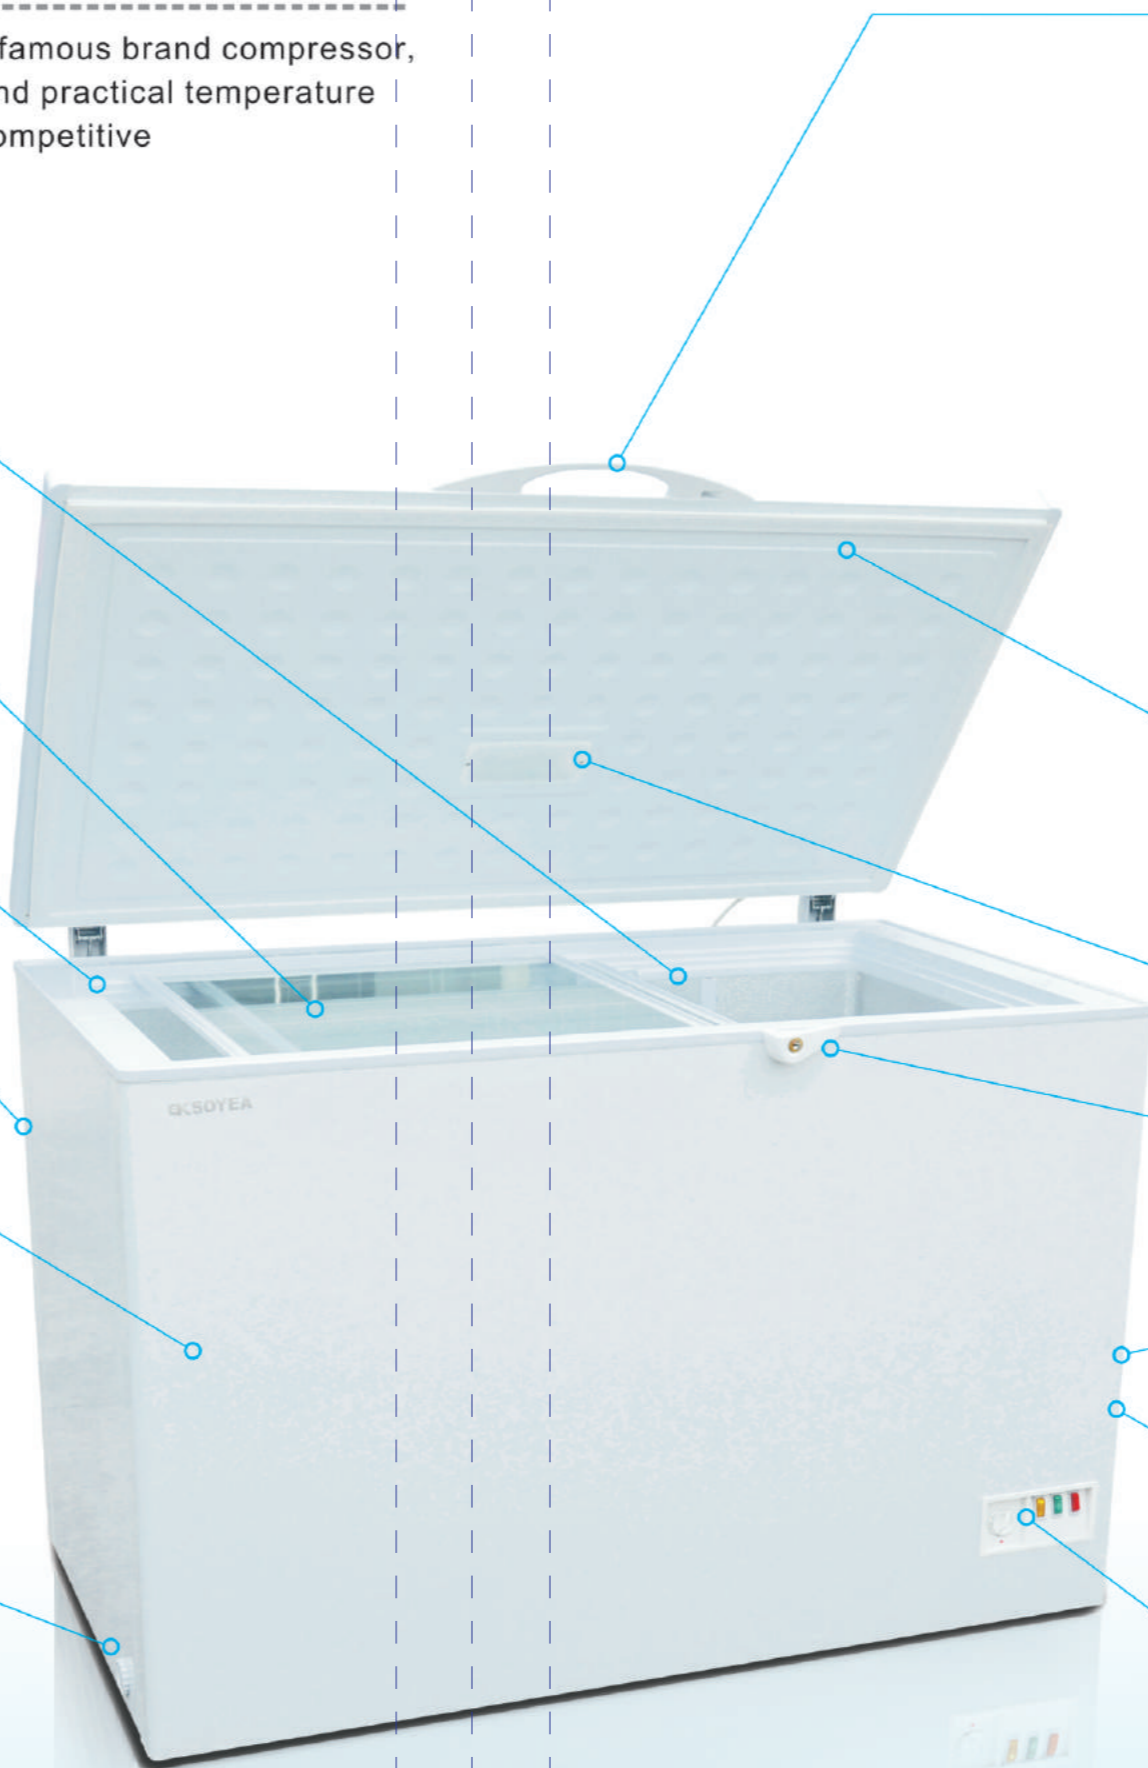

## WATER TAP

Keep water not dip out

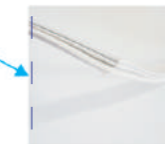

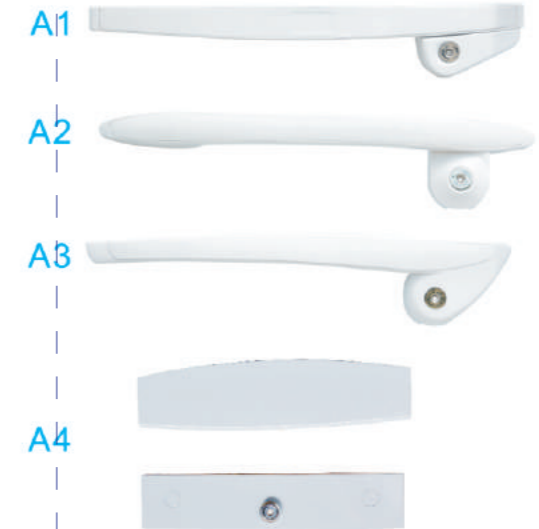

## COOLING PAD

Good and fashion design, provide sustainable cooling without power on

## HANDLE

The four international fashion handles, different choice, not same as life.

## DOOR SEAL

To keep door close tightly, cool better

## LED LAMP

Fashion, bright, energy saving, convenient for your life

## LOCK AND KEY

Careful design, for the safety of children

## COMPRESSOR

The national famous brand, energy saving, highly active

## COMPRESSOR FAN

Innovative design, energy saving, protecting the compressor

## THERMOSTAT AND THERMOSTAT KNOB

The three indicator lights, 0-7 Level control, the normal place is between "3" and "4", when food need quick-freezer, clockwise turn the knob to "7"
