garden Tools

CUTTING TOOLS

• Pruners

Pruning shears, applicable to pruning of branches and potted plants, can provide more care for tender plants. Timely pruning makes your plants grow healthier so no matter whether you're a gardening beginner or a professional, you can find the right pruning tool. Our pruning shears are exquisitely made from high quality and the product designed ergonomically to make the pruning work easy.

• Hedge Shears

We supply different style hedge shears according to your different demands. They are very easy to use, especially for some area not suitable for electrical trimmer ; Our hedge shears made of strong aluminium handle for longer life and modern looking. We design ergonomic handle grip, also use comfortable material, it help reduce the fatigue for long time working.

• Loppers

Loppers are used for cutting right size branches of tree or bush. You may choose different cutting capacity loppers according to sizes needs. For cutting the twigs, it is more convenient using long reaching loppers than cutting it stepping on the ladders. Our loppers are made of strong aluminium handle for longer life and modern looking. Ergonomic designed handle grip with comfortable material, helps reducing the fatigue for long time working.

• Grass Shears

Mechanical grass shears are suitable for cutting smaller manicure cases with beds and terraces. Our ergonomic designed grass shears, ensure working more efficiently and comfortable.

• Pruning Saws

Pruning saws are made of quality material, they are robust enough to tackle the tree and shrub cutting that smaller tools struggle with.

The two main types of pruner and their uses

Bypass pruners:
for cutting live wood

Anvil pruners:
for cutting old and
tough wood

10" Folding Saw

item 1409

6 936863 014097

12/24 pc / 0.054 cbm
Size: total 56cm L, blade 26cm L

GARDEN TOOLS

Main garden hand tools' usage

Trowel: A universal tool for preparation of soil & for planting, mixing etc.

Cultivator: To work the soil in order to let air, warmth & rain penetrate more easily to the root.

Hoe: To prepare the soil by breaking the earth into smaller pieces before planting new seed

Rake: To clean & flatten the soil beneath plants.

Digger & Hoe: To use for 2 sides. The blade side is used to cut weeds and to prepare & flatten the soil. The teeth side is used to prepare & air the earth.

Fork: To clean, prepare & flatten the soils before planting and for weeding between plants and flowers.

Weeder: To dig out & cut weeds.

greensword®
garden Tools

• Hand Tools

Manual garden care tools constitute a big family among our series of products. We design the tools in conformity with the usage habits according to different requirements of the market and meanwhile using different materials to meet consumer's demands of different levels.

Claw Cultivator
 6 pc
 Size: total 94cm L, 33cm W

item 2147

 6 936863 021477 >

Easy Cultivator
 6 pc
 Size: total 95cm L, 17cm W

item 2411

 6 936863 024119 >

Benefits of using claw cultivator:

- Break the hard top layer of firmly packed soil
- Aerate, so plants can absorb water and nutrients
- Blend in fertilizers and mulches
- Cultivate around shrubs, bushes and other hard to reach areas
- Makes a great compost mixer
- Fantastic for hole digging!

Operating Instructions:

- Water the area before digging and planting.
- Position the Claw Cultivator where new plug is to be placed.
- Step down on side foot bar to put the cultivator into the soil core. Running tool to turn around soil core.

Aerator
 6 pc
 Size: total 93.3cm L, 27.7cm W

item 2146

 6 936863 021460 >

- Benefits of using aerator:**
- Breaks down thatch
 - Lets air, water and fertilizer get down to the roots
 - Reduces soil compaction, water run-off and puddling
 - Promotes vigorous root growth, strengthening tolerance to drought and heat stress

- Why choose our aerator:**
- Smooth hammer tone powder coated finishing helps to resist dust
 - Skid proof and comfortable step saves more strength
 - Easy ejector handle eliminates bending over

Auger With T-handle
 6 pc
 Size: total 125cm L, 23.5cm W

item 2614

 6 936863 026144 >

- Benefits of using claw cultivator:**
- This auger is specifically used for digging, mainly when you want to stand a log or plant small trees, it can assure the size of the hole and depth, protect surroundings better.
 - For easier working, please make sure the soil is moist enough before using.

Easy Weeder

6 pc 
Size: total 86.5cm L, 17cm W

item 2244

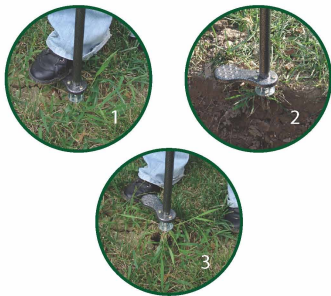

6 936863 022443 >

Benefits of using weeder:

- Enjoy a stand-up working.
- Never need to kneel down and hurt back.
- Never get your hands and clothes dirty.

Operating Instructions:

- Position the weeder's jaws over the center of the weed
- Step on the foot pedal
- The jaws grab the root under the ground

Garden Cultivator

6 pc 
Size: total 90cm L, 20cm W

item 2631

6 936863 026311 >

Garden Cultivator:

- Rotary cultivator
- Easier to cultivate between and around rows
- Quickly loosens soil and removes weeds at the same time
- Removable teeth let you custom configure the rotary cultivator for precision cultivating
- Extra durable, all steel construction

Step Edger

6 pc 
Size: total 94cm L, 27.5cm W

item 2145

6 936863 022276 >

Benefits of using step edger:

- Faster and cleaner than using a shovel
- Design centers your weight over the blade
- Prevent grass root damage to sidewalks

Operating instructions:

- Soften dry, compacted soil with water before edging
- To cut straight down, place foot forward on pedal and push down along edge.
- For a rocking motion, turn Step
- Edger sideways and place foot on pedal parallel to blade. Push down and rock for easier cutting.

Plugger

6 pc 
Size: total 101cm L, 28cm W

item 2144

6 936863 021446 >

Benefits of using plugger:

- Great for planting plugs of Zoysia, Bermuda, Centipede, St. Augustine and other turf grasses
- Easy ejector handle eliminates bending over
- Digs holes and transplants from existing grass areas
- Plugs fit tightly into prepared holes, ensuring better growth and survival
- Digs holes and transplants new grass plugs

Operating Instructions:

- Water the area before digging and planting.
- Position the Sod Plugger where new plug is to be placed. Step down on side foot bar to cut hole. Lift up tool to remove soil core. Remove soil core by pressing down on ejector handle.
- Cut transplant plug from existing lawn or from new sod. Leaving the grass plug in the tool, position the Sod Plugger in the prepared hole. Press on ejector handle to insert new plug into hole.
- Keep plugs moist until they are well established.

WATERING

We have a series of professional garden irrigation products with classical styles and superior quality that are suitable for fulfilling various basic functions in garden irrigation respectively.

• Fittings

Our watering connectors are long-lasting and of reliable quality, as well as compatible with other brands of watering systems.

• Nozzles

The spray gun series has a very wide application range. Fine-spray type water is adopted for spraying plants, while jet type water is needed for flushing during garden cleaning. Therefore, we pay more attention to high-quality materials and precise manufacturing processes with respect to the manufacture of spray guns, in order to guarantee leak tightness, safety and comfort of products.

Deluxe 16L Pump

item 5301

 6 936863 053010 >

Practical plastic tank with liter scale.
 Easy action plastic piston pump with large pressure compensation tank for uniform spraying pressure.
 Torque shutoff valve with impact protected pressure gauge for exact holding of the optimum spraying pressure,
 brass spraying pipe, length approx. 50 cm with fine brass nozzle; pipe continuously rotatable to align the pipe bend.
 Pump lever on side.
 Operating pressure: 3bar

1/4 pc / 0.195 cbm 

Deluxe 5L Pump

item 5302

 6 936863 053027 >

Easy action pump and tank, made out of high quality plastic, pressure resistant and dimensionally stable, safety overpressure valve and pressure gauge dial, filling funnel for easy filling, spray gun holder.
 Brass spraying pipe with brass nozzle and quick-connect valve; carrying strap.

1/6 pc / 0.12 cbm 

1L Non-pump Sprayer

A woman with long brown hair, wearing a white t-shirt, blue jeans, and orange gloves, is smiling and holding a large white pot filled with pink and white flowers. She is standing in a garden next to a black metal trellis structure covered with green mesh. In the background, there is a two-story brick house with a window. The image has a torn-edge effect on the right side.

Welcome

Shanghai Worth Garden Products Co., Ltd. is established in 2000, locating in Shanghai Xinzhuang industrial zone. The goal of the company is to supply first class gardening products and accessories to world wide customers, to help people enjoy nature and enhance their lives.

Our company is fully experienced serving retailers world wide: DIY stores, garden centers, supermarkets, etc. We welcome both “WORTH” brand & “OEM” business. In this “WORTH” distributor catalogue, for these items marked with “”, you can combine products at low minimum quantity. Delivery time is about 2~3 weeks. If you have any question, please contact our sales or worth@worthgarden.com.
