# Multifunction photon beauty device

---

Ultrasound vibration, EMS, green light, red light, blue light

## Specification

- Model: DR-006
- Size: 7\*4.3cm
- N.W: 240g
- Color: White, red, black
- Input: 5V/1A
- Battery capacity: 650mAh
- Rechargeing time: 3 hours
- Accessories: USB cable, charging base, manual

## Features

- Open pores, remove dirt and help with better absorption
- Stimulate regeneration of collagens, remove wrinkles, whitening
- Lift and tight skin, shape V-face contour
- Fashionable classic powder puff appearance
- Wireless charging base

# Multifunction beauty device

---

RF, EMS, red/purple/blue light therapy

## Specification

- Model: DR-2159
- Size: 42\*51\*174mm
- N.W: 192g
- Color: Jasper
- Input: 5V/1A
- Battery capacity: 2000mAh
- Recharging time: 4 hours
- Accessories: USB cable, manual

## Features

- Open pores, remove dirt and help with better absorption
- Stimulate regeneration of collagens, remove wrinkles, whitening
- Lift and tight skin, shape V-face contour

# Facial Scrub Device

---

## Specification:

Model number: SC-002

Item name: Ultrasonic skin scrubber

Operation system: Ultrasound, Ion-, EMS

Size: 204\*52\*60mm

Color: Silver

Applicable user: Safe for all skin types

Ultrasonic frequency: 24KHz

Waterproof: IPX3

Battery capacity: 650mAh

Power supply: wireless charging base

Model selection: 1 button for 3 functions

Power supply: Rechargeable battery

Tariff code: 8509809000

# Facial Scrub Device

---

## Specification:

Model number: SC-004

Item name: Ultrasonic skin scrubber

Operation system: Ultrasound, Ion-, EMS

Size: 137\*58\*32mm

Color: Silver

Applicable user: Safe for all skin types

Ultrasonic frequency: 24KHz

Waterproof: IPX3

Battery capacity: 500mAh

Model selection: 1 button for 3 functions

Power supply: USB cable

Tariff code: 8509809000

-

# 4 in 1 Eye care beauty device

---

## Specification:

Model number: DR-020

Item name: anti aging beauty device

Operation system: RF, EMS, hot, cool, vibration

Size: 126\*26\*145mm

Battery capacity: 450mAh

Model selection: 1 button operation

Power supply: USB cable

Color: Red

## Features:

- Promotes skin's absorption of nutrients and tightens the skin around the eye.
- Relieves eye fatigue and stimulates the production of essential tear protecting oils in the eye lid, preventing eye dryness and fatigue.
- Reduces puffiness and cools the eye area.

# Electronic Eye Lash Curler

---

Concave grooves

Heating wire

Convex grooves

Model : JMJ002

Product Name : Eyelash Curler

Feature : Natural curling & 24 hours long-lasting;  
10s automatically stopping and rapid heating;  
3 temperature gears

Color : White

Power : Rechargeable battery

# IPL Hair Removal

---

## Specification:

Model : G888

Product Name : Quartz Lamp Hair Removal

Color: White

Gears selection: 5

Power: DC12V

## Feature:

- The internal safety sensor prevents unintentional flashing to keep your skin safe.
- 999999 times pulsed light.
- Imported IPL lamp ensures maximum safety and effectiveness.
- The Lux+ emits high- intensity light pulses that cause hair

# IPL Hair Removal

---

## Specification:

Model : G996B

Product Name : Ice Quartz Lamp Hair Removal

Color: White

Gears selection: 5

Power: DC12V

## Feature:

- The internal safety sensor prevents unintentional flashing to keep your skin safe.
- 999999 times pulsed light.
- More ice, more pain-free and smooth
- Imported quartz lamp ensures maximum safety and effectiveness.

# Mask making machine with face steamer

Mask making and face steaming 2 in 1

## Specification

- Model: FM002
- Size: 12.8\*12.8\*16.5cm
- N.W: 1.3kg
- Material: ABS777D
- Color: White, red, white with pink flowers
- Rated voltage: 110V-240V
- Working temperature: about 75°C
- Include 24pcs collagen pills

## Features

- Functional with homemade mask and steaming face
- DIY masks of fruits and vegetables to meet different skin and seasonal needs
- Facial steaming helps to open pores, deeply clean skin for better absorption
- Automatic cleaning and water rinse design

# Vacuum blackhead remover device

---

4 different heads, 3 levels suction , warm compress

## Specification

- Model: KS-X007
- Size: 3.5\*3.5\*17.2cm
- N.W: 130g
- Material: ABS
- Color: White
- Battery capacity: 3.7V/500mAh
- Charging time: 3 hours
- USB charging

## Features

- Exfoliate dead skin
- Remove blackhead, comedo, fat particle
- Firm and improve skin elasticity
- 4 heads for different demand
- warm compress to easy clean the skin pores.

# Mini facial mist sprayer

Power bank function, test skin moisture and oil condition

## Specification

- Model: SP-003
- Size: 4.2\*3.5\*14.1cm
- N.W.: 112g
- Input: 5V/1A
- Water tank capacity: 30ml
- Atomizing volume: 1.2~1.8ml/min
- Charging time: 4 hours
- Charging method: USB charging

## Features

- Deep hydrating nano mist
- Portable device, protect your makeup
- Atomized water, penetrate in deep skin
- Restore skin luster and moisture
- Function as a portable power bank
- Can test skin moisture and oil condition

# Silicone facial cleansing brush

---

Food grade safe silicone, promise speed vibration

## Specification

- Model: BR-006
- Size: 7\*4.3cm
- N.W: 130g
- Color: Pink, white, blue, purple
- Input: 5V/1A
- Battery capacity: 300mAh
- Rechargeing time: 2.5 hours
- Accessories: USB cable, charging base, manual

## Features

- Medical grade silicone, soft and safe
- One key button can infinite up and down the vibration level
- Shake dirt out of deep pores, remove makeup residue and remove wrinkles and anti-aging

# Facial cleansing brush massager

---

Detachable cleansing head, 2 level vibration

## Specification

- Size: 6.5\*8.5\*16cm
- N.W: 98g
- Color: Pink
- Power by 2\*1.5V AAA batteries
- Vibration speed: 3600rpm, 6000rpm

## Features

- One-key operation with two levels vibration
- Point vibration massage

# Oil moisture skin testing analyzer pen

---

LCD display, easy to read

## Specification

- DT-117
- Size: 12\*3\*1.8cm
- N.W: 47g
- Head material: SUS304 stainless steel
- Color: White, pink, white&red
- Power supply: 2\*AAA batteries

## Features

This analyzer uses BIA - Bioelectrical Impedance Analysis - to determine the moisture & oil content of your skin, as well as its softness/roughness. Suitable for home or salon use! Simply press start, place the analyzer against your skin, and wait approximately 6 seconds. The analyzer will beep and your results will display in an easy-to-read bar graph. The included instructions contain a guide for interpreting results, and recommendations.

# Handheld acupoint therapy massager

## Specifications:

Product Size: 16\*6.5\*4.5cm

Power: 1.8W

Battery method: 2\*1.5V AA batteries(not included)

Input Voltage: DC 3V

Input current: 0.6A

Recharging Voltage: 100-240V

One key with 2 levels vibration

Vibration speed: Low: 3600 rpm High: 6000 rpm

Function: Point vibration massage of hand massager

## Feature:

1. Sleek, compact design;

2. Red LED Light for beauty massager ;

3. Powerful 2-speed vibration massager, up to 6000 rpm

# Physiotherapy knee massager

High frequency vibration, infrared heating, magnet therapy, vibration

## Specification

- Model: G-839
- Size: 25.5\*20\*9cm
- N.W: 325g
- Material: ABS, TPU
- Color: Black
- Working temperature: 45°C-65°C
- Operation time: 30mins
- Recharge with AC adaptor

## Features

- Acupoint massage
- Infrared physiotherapy
- Hot compress
- High frequency vibration
- Release joint pain
- Adjustable temperature control design

# Hip therapy massager

---

High frequency vibration, infrared heating, lighting therapy

## Specification

- Model: G-851
- Size: 135\*35\*6cm
- N.W: 980g(with adaptor)
- Material: ABS, TPU
- Color: Black
- Working temperature: 45°C-65°C
- Operation time: 30mins
- Recharge with AC adaptor

## Features

- Acupoint massage
- Infrared physiotherapy
- Hot compress
- High frequency vibration
- Release waist & hip pain
- Adjustable temperature control design

# UVC Sterilizer wand

---

18 double chips led beads, strong magnet conduct electricity

## Specification

- Model: UV-001
- Size: 32\*4.5\*2.5cm
- N.W: 135g
- Material: ABS
- Color: white/gold rose
- Operation time: 5mins
- Recharge with USB cable

## Features

- Imported LED bead, It's most safety than lamp tube.
- Chemical-free, no harmful residue
- Odorless
- Double click and long press to sterilize, and stop operation by releasing
- Child-lock protected

# Mini washing machine

---

Small in size, sterilized, ozone and heating

## Specification

- Model: BR016
- Size in folded with sterilizing cover: 288\*288\*130mm
- N.W: 1.76kgs
- Color: white/blue
- Operation time in heating: 2H or 5H
- Power supply: 24V/5A adaptor

## Features

- 4 in 1 Mini laundry expert in sterilizing, ozone, dryer and washing.
- Portable- foldable - space saving
- Odorless Radiationless, no residue, prevention of secondary pollution
- Water proof touch button
- Safe, artistic and easy to operate

# Ultrasonic Cleaner

---

45000hz vibration frequency, small in size, Silent

## Specification

- Model: BR-N96
- Product size: 211\*100.8\*60.2mm
- Size of groove: 158\*68.5\*38.5mm
- N.W: 345g
- Rated power: 15W
- Color: white
- Rated voltage: 12V
- Timing time: 3 min

## Features

- Small in size, suitable for watch, glasses, jewelry, make-up brushes and so on.
- Clean 0 dead angle

# Portable Water Flosser

---

320ml water tank, long standby time

## Specification

- Model: BR-017
- Product size: 66.5\*85\*220mm
- Battery capacity: 1600mAh
- N.W: 265g
- Charging time: 2H
- Color: gray/white
- Waterproof level: IPX7
- Pressure Range: 70-120psi
- Modes: Normal & Soft & Pulsh

## Features

- Low noise, IPX7 waterproof body
- 360 degrees rotatable nozzle, easy effective clean teeth
- Low voltage alarm with indicator, 2 minutes auto shut-off
- 1600mAh batteries, approx 4 hours charge time

# ***Strategic Partner Seeking***

**Looking forward to our initial cooperation!**
