Tel: +86 15060764606

Founded in 1999 in Xiamen, SUNFOO is growing to become a famous umbrella supplier for oversea markets today.

SUNFOO specializes in the development, engineering, mass-production and exporting of quality made umbrellas worldwide.

Sunfoo's extensive manufacturing capabilities allow us to deliver every type of umbrella our customers demand. These include [personal](#), [customization](#), [fashion](#), [compact](#), [folding](#), [walking](#), [golf](#), [outdoor](#) and [promotional umbrellas](#).

Sunfoo believes that quality and efficiency is the key to success. It is taken very seriously. In 2012, Sunfoo dramatically changed its manufacturing processes by merging two medium-quality production lines into one premium-quality production line. This change allowed Sunfoo not only to focus on quality control but improve its manufacturing efficiencies creating a more-productive and cost-effective environment.

Sunfoo takes great pride in manufacturing umbrellas. We hope we will have the opportunity to show you our capabilities. Our friendly and professional service representatives are always eager to welcome you to our company and assist you in any way we can.
