MADE IN CHINA

WARNING! Not suitable for children under 36 months. Small parts. Please read packaging for future reference.

DIRECTIONS: Inflate balloon with helium and attach to non-metallic ribbon and anchor with suitable weight.
BALLOON CARE: Foil balloons are sensitive to extreme temperature changes. In cold air they may appear deflated. Warm air should expand them again. Extreme heat could cause the helium to expand and burst the balloon. Foil balloons may conduct electricity. Do not release helium-filled balloons outdoors or use near overhead power lines. Use only non-metallic ribbon and attach the balloon to a weight to keep floating away.
